

ACT February 17, 2010 "Business" Meeting

Rosemont Copper Mine What will it mean for Construction?

Representatives of the Rosemont Copper Mine will make a presentation on the status of their proposal to begin a mining operation. They will address the economic benefits for our local construction industry, time-lines, qualifying to bid work, and the many environmental questions that have been raised. The project will initiate hundreds of millions of revenue for the Tucson region. Plan to attend... don't miss out on what this will mean for your company and Tucson's future.

Plus: Meet Jonathan Paton, candidate for the U.S. Congress. Jonathan has been a good friend of ACT in the Arizona legislature supporting many of our issues over the last years.
